

Bachelor of Science in Human Services - Online

Program Description

The Bachelor of Science in Human Services is designed for students who seek an interdisciplinary education to assist them in careers that provide integrated services to individuals and families in need of assistance, or to prepare students in pursuing graduate studies in the area of human services or related fields.

The goal of this program is to prepare or enhance students' abilities in positions that seek to improve the quality of life for those who are served, remediation of problems, meeting basic human needs, and advocating change in the systems that affect the lives of those needing assistance.
