Bachelor of Science in Criminal Justice - Online

 [Print this Page](#)

Program Description

The Bachelor of Science Degree in Criminal Justice provides curriculum and practical experiences designed to help develop students and practitioners with critical and analytical skills to promote the administration of justice in a diverse and global society. This program equips students with a thorough understanding of criminal justice systems and theories, and the historical foundation of criminal justice. The undergraduate curriculum is designed to allow students to explore the various agencies, personnel roles, and career opportunities available in the criminal justice field. The Program seeks to educate students as well as promote workforce development by targeting practitioners currently working in the criminal justice field. Students who major in criminal justice have many opportunities to further their personal and professional development.
